Mission Statement

The Oldsmar Soccer Club's aim is to provide a clean, safe and organized venue for our youth to participate in both recreational and competitive soccer. We strive to develop each player's tactical and technical skills, to develop a player's understanding of good sportsmanship and team play, and to provide an atmosphere that nurtures a player's love of the game.

Our ultimate goal is to introduce young players to the sport, to support and develop them throughout their adolescence, and watch each individual develop into the best player they can be.

Parent Volunteer Hours

OOSC's Board of Directors has approved a recommendation to include both recreational and competitive families in the club-wide volunteer program. Each family will be given a choice to either (1) commit to four hours of volunteer work during the 2009-10 season, or (2) make a \$50 donation to OOSC's general fund. You'll receive detailed information about this during registration.
