

Stay in touch with OSC!

Making sure that all our members have the most up to date information is something we take very seriously at the Oldsmar Soccer Club so we take advantage of many different communication tools. Below is a list of how we keep you in touch with OSC;

OLDSMARSOCCER.COM is our main source for current club information. From program information to pictures, videos to forms – oldsmarsoccer.com has it all. We also use our website for On-Line Registration, camp registrations and volunteer sign up. Also available on the site is RainedOut, a text service that advises you via mobile phone when the field status online changes. Bookmark us!

The Facebook logo, consisting of the word "facebook" in white lowercase letters on a blue rectangular background.

Social media site, **facebook**, has proven to be a great way to relay real-time field status, game and meeting updates. Join us at Oldsmar Youth Soccer Association and become a friend of OSC.

The TextMarks logo, featuring the word "TextMarks" in a stylized font with a green "Text" and white "Marks" on a blue background. To the right of the logo is the number "41411" with a small circular icon above it.

TextMarks is a free text messaging service that we utilize to inform you of field closures, registration deadlines and other time sensitive information. We don't over do it so don't worry about getting tons of text messages from us. We only use it sparingly but it's a great service to be included on for those last minute issues that pop up. Just text OLDSMAR to 41411 to register. – It's FREE

OSC InfoLine is also a great way to find out about upcoming programs and field closures. Add **727 599 0713** to your speed dial and stay connected. You can also leave us messages there too!
